LaSoy d.o.o

Body Scrub

Exfoliants or body scrubs are an inevitable part of the body care products palette. They open the pores and remove dead cells from the surface of the skin, making it smooth, clean and rejuvenated.

LaSoy scrubs are truly natural and reviving, containing only chemical-free ingredients

NO HARSH EXFOLIANTS

NO MINERAL OIL S

NO PRESERVATIVES

The presence of sea salt enables better toning, removal of toxins, muscle relaxation, mineral compensation and better circulation, while the sugar with its exfoliating action, provides a wonderful freshness and glow to the skin. The natural additions - oats, coffee, fruit components, honey and natural oils (almond, avocado, olive oil) increase the nutritional and protective value of the product even further.

The finished product smells good enough to eat and leaves you with beautiful, moisturized and nourished skin with a hint of the aroma you chose.

Especially recommended after a long winter or by the end of summer when the body & skin need to be detoxified, dead dry cells need to be sand away so the new and fresh one can be revealed.

How and how often to be used: link You can use a body scrub once a week. Use always on clean skin, in the bath or shower. Massage a scoop of scrub onto your body with gentle circles in direction to the hart, giving extra attention to rough spots. After massage leave the scrub on the skin for additional 3-5 min. for better effect. Then rinse off and pat dry.

If needed you may apply a body milk link do body milk or body butter link do body butter, but usually emollient oils will moisturize your skin and leave it silky and glowing!

NOTE: Be careful in the tub, because the oil will make your bathtub slippery.

Choose from our collection of yummy scents packed in 200ml and 400 ml (on request) glass jars that can be recycled or reused!

Mix well before use!
